

## F.N. Smith Corporation

Builders Of Special Machinery For Over 30 Years

ENGINEERING EXPERTISE | MANUFACTURING EXCELLENCE

### Precision Machinist Apprenticeship

Since our founding, F. N. Smith Corporation has achieved a position of leadership in the manufacturing of special machinery. Our multi-year apprenticeship program was developed in cooperation with the Rock River Valley Tooling and Machining Association\* and the U.S. Department of Labor Bureau of Apprenticeship. It combines on-the-job training and related classroom theory training with the goal of training the next generation of Precision Machinists.

#### Application Process:

- Complete initial interview
- Take the NTMA Aptitude Test
- Apprentice position selection

#### Program info:

- Basic program can be completed in 4 years (8000 hours)
- F.N. Smith pays 100% of classroom training (including related books & materials)
- Classroom time to be done during non-working hours
- Periodic evaluations
- Once completed, you will be awarded a Journeyman Machinist certificate

\* Rock River Valley Tooling and Machining Association is a chapter of the National Tooling and Machining Association
